## Alpha and Omega, Inc. - (Heart and Lung Machines)

### PRESENTER: A. Paige King, PhD, President

Established by Luke King, CCP., a Certified Cardiovascular Perfusionist, in 1984, to provide high quality reconditioned cardiovascular equipment and service. Our expertise and reputation is built around this company and it still maintains the position as "the company to contact" for heart room service and pre-owned equipment throughout the world. As a testament to our quality and professionalism, we have been in business since 1984 and service hospitals in 23 states. Approximately 70% of our current years reconditioned sales were to U.S. hospitals, surgery and perfusion groups.

The excellent professional reputation our firm has enjoyed throughout the last twenty eight years of business is the best testimony of the quality service we provide. Our company is the perfect solution for budget minded medical professionals and administrators worldwide. Please feel free to contact us with any specific inquiry. We are prepared to work with our customers on an individual basis and complete satisfaction is always our goal. We hope to hear from you soon.

President, Alpha and Omega, Paige King, PhD

## ICIS President Message - Joe Divito

Hello Everyone!

We have what we hope to be a great presentation scheduled for you, about Heart/Lung bypass machines. We hope to have a great turnout for this event. If there are any additional topics you would like to talk about that night or any other time, please send a note, or discuss it with any board member. We have vendors lined up waiting to present, so your input is important to us.

I'd also like to mention that Biomed Appreciation week, has been renamed to Healthcare Technology Management Week, and is scheduled for May 20-26, 2012. We are planning on attending a SL Bees Game on June 16th at 7:00 p.m. Please email me at [president@icis-biomed.org](mailto:president@icis-biomed.org) with a projected attendance so we can finalize reservations. We are planning to help defray the cost of a ticket and food to no more than \$5.00 a person (family included), so a head count is important. If you would like to be more involved with ICIS, please let us know that too. Thank you for your time, and hope to see you on May 3rd.

Sincerely, Joe Divito, President, ICIS
